Continuation of Substance of Interview including description of the general nature of what was discussed: Mr. Chapman Faxed a copy of the Second Preliminary Amendment which was filed on 03/05/04 in copending U.S. Application S.N. 10/158,570 wherein independent claim 9 was amended to positively exclude ferrite powders from the claimed single crystal ceramic powder. As such, the previously made provisional obvious-type double patenting rejection of applicant's claims 1, 3 and 5 over claims 9-12 of S.N. 10/158,570 has been dropped since there is no longer any overlapping claimed subject matter. A copy of said Faxed Second Preliminary Amendment filed in the copending application is being attached to this Examiner-Initiated Interview Summary.
